If you are unsure whether additional rights are needed for your use, you are responsible for consulting with legal counsel.

RELEASES AND PERMISSIONS:

NOTICE: WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purposes other than private study, scholarship or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use", that user may be liable for copyright infringement. The SS.CC. U.S.A. Province reserves the right to refuse to duplicate any material if, in its judgment, duplication would involve violation of copyright law. Users of duplicated materials are legally responsible for observing copyright laws, as well as the laws of libel, privacy and property rights.
